## SOFTWARE DEVELOPER & UI/UX DESIGNER

With a strong background in technology and design, I hold a degree in Software Engineering with a minor in Business Management. Specializing in frontend web development, I merge technical proficiency with a creative mindset. Additionally, my project management skills and understanding of organizational dynamics further enhance my ability to contribute a unique blend of expertise to innovative projects.

## STRENGTHS AND EXPERTISE

Web Developer	UI/UX Designer	Business Manager	Mobile Developer
React Framework	Figma	Communication	Flutter Framework
MySQL, JavaScript, PHP	Shopify	Problem-Solving	Firebase
