dlvinhafeez84@gmail.com  
Iraq, Erbil

I am Dlvin Hafeez, a passionate and results-driven software engineer. With a strong foundation in both front-end and back-end development, I thrive on crafting innovative solutions. My commitment to excellence is evident in every project, where I combine technical expertise with a keen eye for design. Driven by a love for technology, I am enthusiastic about contributing my skills to impactful software projects. Ready to embrace new challenges, I bring a dynamic approach to problem-solving and a dedication to continuous learning.
