

# Shnyar Mohammed

## UX/UI Designer | Civil Engineer

With 2 years of experience in UX/UI design, I've played a key role in shaping a SaaS management system and a healthcare app. These projects reflect my dedication to making technology both user-friendly and impactful. It's not just about design; it's about creating digital solutions that matter.

### EDUCATION

**BSc. in Civil Engineer**  
University of Sulaymaniyah  
2016 -2020, Sulaymaniyah

### EXPERIENCE

**Product Designer**  
Health360  
May 2023 - Feb 2024, Baghdad, Remote

Lead the UX and UI designs with the accountability of the design system, I played a pivotal role in designing and building two web applications. Additionally, I contributed to the development of a healthcare app, ensuring a seamless and user-centric experience across these digital platforms.

**UI Designer**  
Charaxwaz app  
7-25,Jan 2024, Sulaymaniyah, Hybrid

Contributed to Charaxwaz's success at Smart-Suli Hackathon, winning in the Health Sector during the International Innovation and Entrepreneurship Forum. Played a major role in designing the UI part in 18 days!

**UX/UI Designer**  
Bigayana  
Sep 2022 - Nov 2022, Remote Course Project

UX/UI Designer at Bigayna (delivery service) app during bootcamp, leading design efforts and collaborating cross-functionally for a user-centric app interface. Successfully delivered assets, including wireframes and prototypes, within the bootcamp's timeframe.

**Graphic Designer**  
Health360  
May 2023 -Sep 2023, Baghdad, Remote

Produced daily social media posts, business cards, presentations, roller banners, and flyers for Health360, showcasing a comprehensive skill set in graphic design and printed materials.

---

**Passive House Iraq**  
Nov 2022 - April 2023, Sulaymaniyah, Hybrid

Created social media posts, business cards, and flyers. Additionally, designed a comprehensive catalogue and company profile for Passive House Iraq, demonstrating a diverse range of design expertise.

**Web Content Creator**  
Passive House Iraq  
Feb 2023 -April 2023, Sulaymaniyah, Hybrid

Responsible for updating and creating new content for the Passive House Iraq website, elevated business traffic by updating and creating engaging content for website, contributing to a dynamic online presence.
