Place Issued: Al-Kitab University College – Kirkuk – 2017

Summary of Experience:

In September 1997 I worked in the (Arab Company for Detergent Chemicals (ARADET)), and did the following tasks:

- From January 1998 I began doing the following tasks:
 - o Doing office job like a data entry using Microsoft Office Programs.
 - o Working as an IT technician.
- From June 2003 I began the following tasks (in addition to the previous tasks):
 - o Creating and adapting (modifying) reports by using Oracle Developer 2000 and Oracle Developer 6i.
 - o Creating Users and giving their grants according to the necessity of using Oracle 8.5 and Oracle 9i.
- From July 2004 till August 2014 I worked as a DBA for about (10 years), which included:
 - o Installing and maintaining the Oracle database software in different versions (8.5, 9i, 10g).

- Installing and maintaining the Oracle Developer 2000, Oracle Developer 6i, Oracle Developer 10g.
- Creating storage database structures.
- Setting up database user accounts.
- Finding and debugging malfunctioning programs affecting the database integrity.
- Creating autonomous database backups.
- In addition to being an Oracle DBA, I worked as a Windows Server Administrator, installing and maintaining Windows Server 2003, Windows Server 2008 and fixing issues that may occur in the system.

Other Experience:

- Experience in maintaining and upgrading computers and handling problems (IT tech for more than 14 years).
- Good knowledge of Computer networks. and Computer Interface.
- Wide knowledge in computer hardware and software installation and maintenance.
- Good experience in the installation and controlling security systems and access control systems.
- Well organized, able to take responsibility, and professional in handling confidential information.
- Good interpersonal and communication skills at all levels.
- The Ability to Work in a teamwork environment.
- Work under pressure.

Courses and Other Skills:

- Computer driving (Windows – Word – Excel – PowerPoint – Internet).
- Microsoft Office driving (Word – Excel – PowerPoint).
- Participating in (Oracle 9i and Oracle Developer 6i) course – University of Baghdad – Computer Center.
- Participating in (Windows Server 2003 Setup and activating the Active Directory) workshop.
- Participating in (Stock Balance Control) course – Selah El-Dean University – Erbil – Continues Learning Center.
- Participating in (Oracle 10g and Developer 10g) course – Arbilla Institute – Amman – Jordan.
