

# Mohammed Alasaad

## Full Stack Developer

### PERSONLIG PROFIL

I'm an enthusiastic and pro-active web developer and designer who make easy to use websites by discovering how users really think. With over 7 years working experience of designing and developing websites, I have an excellent understanding of how technology can be used to align the requirements of both the business and the customer.

### OBJECTIVE

I am seeking a new challenge in a progressive and customer-centric organization where I can make the most of my love of technology and my knowledge of user-centered design techniques.

My passion for learning - and my involvement in the development and communities - mean that I can continually offer the latest technology, practices and ideas to the team, ensuring the company is at the very forefront of customer experiences.
