Projects

ProFix Company App, Flutter App

Lead Flutter developer in this mobile app for both mobile platforms. Using best practices and latest technologies, prefix is a dynamic mobile application for requesting home/building services in no time. Has many functionalities including Map, custom Notifications, secure authentication, many more...

Kurd Rating, iOS App (UIKit)

Kurd Rating is an iOS app that I have developed as a practice when studying UIKit courses. It is like an IMDB clone. it contains the majority of UIKit features plus more. The repo is public on my github account.

K Apple Center, iOS app (UIKit)

protocols and delegates

K Apple Center is an iOS app that I have developed when practicing UIKit courses. It is a simple app for purchasing apple products. it was mainly written for the purpose of learning Protocols & Delegates in UIKit.

I have also focused on AutoLayout with dynamic components.

The repo is public on my github account.

Other Projects

Dohrnii Academy App

Available on App Store & Play Store

Self Managed + Published

.....

ProFix Company App

Available on App Store & Play Store

Self Managed + Published

.....

FIB Shop (Backend)

University Attendance System

StudentsNeeds Website

Automated TimeTable Generator

Emergency SOS Mobile App
