#### **Skills**

- •Leadership: Managing a team of 7 people and achieving great results
- •Time Management: Arranging meetings and busy schedule
- Adaptable: working with different people in different places and achieving great results
- •Confident: based on long working experience
- Hard-working: that resulted in achieving my goals, and have my own
- **Pro-active:** handling job duties and dealing with the team
- •Reliable: so other people can trust me doing my task in a perfect way.

Long Professional experience in working that extends for more than 5 years in many pharmaceutical companies and pharmacies. In spite of handling and dealing with a busy schedule, I have managed to get many certificates in different fields. Can work under pressure, manage teams and do many other tasks at once. Having professional skills (adaptable, management skills) that helped me when during studying.
