Summary

Backend developer with one year of experience in Node.js server-side solutions, specializing in RESTful APIs and industry best practices. Passionate about high-performance code and continuous skill enhancement.

Experience

- ✓ Back-End Developer, **Lucid Source**, Erbil

  May 2023 – Aug 2023

  Created scalable RESTful APIs using Node.js, Express.js, and Prisma ORM, collaborating with frontend developers for performance optimization and secure access.

- ✓ Back-End Developer, **Al-Jazary**, Erbil

  December 2022 – June 2023

  Created high-performance API for complex gym management system using Node.js, Express.js, and Sequelize, integrating with user interface, optimizing performance, and meeting client expectations.

Internships

- ✓ Back-End Intern, **Al-Jazary**, Erbil

  June 2022 - December 2022

  Acquired knowledge in Node.js, Express.js, secure authentication, data validation, ORM for efficient database interactions, and real-time functionality

Education

Bachelor's degree in *Computer Science and IT*, 2019 – 2023.

Salahaddin University, Erbil

Completed computer science curriculum, including programming, algorithm, data structures, databases.

Languages

Arabic: Fluent
Kurdish: Good
English: Good

Skills

Programming Languages:
- JavaScript
- Python
- C#

Backend Development:
- Node.JS
- Express.JS
- NestJS
- Fastify

Databases:
- Database Design
- Microsoft SQL Server
- MySQL
- PostgreSQL
- MongoDB
- Redis

DevOps
- Git
- Github
- AWS S3
- Nginx

Frontend Development:
- HTML
- CSS
- React.JS
